Driven and passionate Front-end Developer with a year of professional experience working with a team using Agile methodologies in a Scrum Framework to design and develop responsive, cross-browser compatible web applications

TECHNICAL SKILLS

- HTML
- CSS, Bootstrap, Sass
- javaScript, jQuery

- Laravel Blade
- Gulp, Gulp Plugins
- Git, GitHub

- Adobe Photoshop & XD, InVision

PROFESSIONAL EXPERIENCE

FRONT-END DEVELOPER, META+LAB - Northridge, CA   **DECEMBER 2016 – PRESENT**

- Lead front-end developer for the Electronic Thesis & Dissertation v3 project; a web application Graduate Students, Faculty Members, Graduate Coordinators, and RGS Evaluators at CSUN use for the process of theses completions
- Worked in close collaboration with front-end, back-end, graphic designers, project and product management in a cross functional environment leveraging the Agile project management methodology, monthly Sprints, and daily Scrums to accomplish tasks and communicate with the team, as well as participating in client demos and running usability tests.
- Created responsive wireframes and clickable mockup prototypes that incorporated CSUN's UI kit to ensure the web applications maintained consistency with CSUN branding
- Developed in a MAMP environment, using Git / GitHub for version control
- Technologies used in coding included HTML, CSS, javaScript, jQuery, Gulp, Sass, Laravel Blade & Elixir, and CSUN's UI kit and CSS framework

SOCIAL MARKETING ASSISTANT, BODEGAS REAL – Madrid, Spain   **SUMMER 2015**

- Managed company's social media, including content development to promote business and expand customer base
- Created client email promotional campaign including database set up and marketing content
- Designed promotional materials for wine tourism, translated from English to Spanish

ENTREPRENEURIAL EXPERIENCE

FRONT-END DEVELOPER, GIRL DEVELOP IT – Los Angeles, CA   **FALL 2016**

- Front-end Developer in a 7-member team who designed, built, and delivered a WordPress website for a non- profit organization
- Worked with UX and UI designers to create sitemap and wireframes
- Chose a WordPress theme, created site navigation, and added content
- Optimized SEO using Yoast SEO plugin

MARKETING ASSISTANT, MYGYMPALS - Los Angeles, CA   **FALL 2015 – SPRING 2016**

- Direct to client marketing, promoted MyGymPals at expositions, and assisted the CEO
- At startup expositions, helped run information table and networked with CEO to find potential partnerships
- For Fitness Expositions, facilitated creative marketing promotions and networked beforehand to build relevant vendor partnerships
- Managed marketing promotional activities, trained and managed team of promoters

EDUCATION

DECEMBER 2017

B.A. IN MULTIMEDIA PRODUCTION, CALIFORNIA STATE UNIVERSITY NORTHRIDGE, **3.7 GPA**

- Created mood boards, style tiles, responsive wireframes and mockups in Adobe XD and InVision. Coded email templates and responsive websites using HTML, CSS, Bootstrap, Sass, jQuery, Gulp, and a custom WordPress theme using PHP

SIDE PROJECTS

CUSTOM FRONT-END BOILER PLATE

A front-end boilerplate to quickly create a responsive, cross-browser compatible website with an automated workflow using NPM, Gulp, and Gulp Plugins

- Bootstrap (normalize.css), Sass, Font Awesome
- Compiles Sass to CSS, removes unused CSS, adds vendor prefixes where necessary, lints the HTML and CSS, refreshes the browser automatically
- Optimizes all assets (CSS, JS, fonts, and images) for production, cleans the build directory, and copies the transformed results into the build directory

PORTFOLIO SITE

Website design and development for a single page responsive portfolio site

DOCUMENTARY WEBSITE DESIGN

Website design for the documentary "Mile, Mile and a Half"

VOLUNTEERING

SEEDS OF LEARNING – CENTRAL AMERICA   **Summer 2011, 2012, 2014**

Traveled to Nicaragua and El Salvador through a non-profit organization to build schools for children and teach English and arts
